The Great Reign of His Late Majesty King George V closed in peaceful sleep at Sandringham House. It was the twenty-sixth year of King George's reign through an eventful period of world history, during which he won the love and respect of his millions of subjects in the far-flung British Empire.

Toronto's Big Ben tolled as news was flashed from London.

The Empire-wide Celebration in 1935 of the 25th Anniversary of King George's accession was striking evidence of the strong ties binding the Throne and the British Commonwealth of Nations.

Toronto alike with the Empire mourns the loss of a noble and beloved Sovereign who labored unselfishly for the good of his people and for the welfare of the human race.

The reign of a great King has ended: his memory will ever be held in universal love and veneration by his people.

In Memoriam

His Late Majesty
KING GEORGE V

Born June 3rd, 1865
Succeeded to Throne May 6th, 1910
Died January 20th, 1936,
at 6.55 p.m., E.S.T.

Permission of
Hay Wrightson,
London, Eng.

His Majesty
KING EDWARD VIII

KING EDWARD VIII

KING EDWARD VIII, our new King, was born at White Lodge, in Richmond Park, a modest Royal estate near the Thames, June 23rd, 1894. As the eldest son of the then Duke and Duchess of York, from his birth he has been an heir to the British Throne.

At his christening three weeks later by the Archbishop of Canterbury, he was held in the arms of Queen Victoria and given seven Christian names—Edward, Albert, Christian, George, Andrew, Patrick, David. He was baptized Edward, for his grandfather, Albert after his great-grandfather who had been the Consort of Victoria, Christian after the King of Denmark; his other four names representing the patron saints of England, Scotland, Ireland and Wales.

King Edward VIII is the first bachelor to succeed to the Throne since William IV, and is the first British Monarch since George II, at the battle of Dettingen in 1743, to take part in armed conflict. He served with the Canadian Contingent during 1918 and was on

the staff of the late Sir Arthur Currie at the time of the Armistice, and for some months subsequent to it.

As the former Prince of Wales, King Edward VIII visited every corner of the British Empire and knows every part under the new conditions that have arisen since the Great War. In thirteen years of travel he has visited 46 countries and covered a distance of 300,000 miles. Everywhere during his peregrinations throughout the world he was acclaimed by cheering multitudes as The Prince Charming. The contacts he has made have forged new links of friendship between the English speaking peoples of the world.

Since the war he has naturally been the leader in all ex-soldier movements. As head of the great Toc H, each year, at the annual celebration he relights the Torch of Remembrance, a light continually kept burning in a London church, as a memorial of England's part in the Great War.

His Majesty, as the Prince of Wales, has visited Toronto officially twice, viz., in the years 1919 and 1927. In 1927 His Royal Highness, in company with His Royal Highness

Prince George, opened the new eastern entrance to the Canadian National Exhibition Grounds, and in consequence these gates were named The Princes' Gates, in honour of this visit.

Our new King has been the idol of millions of people throughout the world and the love and admiration of all races and creeds accompanies him as he assumes his grave responsibility. He ascends the Throne with a wider knowledge of human nature than any of his predecessors.

His Majesty in his first broadcast message to his people throughout the Empire declared himself as follows:

"I am better known to most of you as the Prince of Wales—as a man who, during the war and since, has had the opportunity of getting to know the people of nearly every country of the world, under all conditions and circumstances.

"And although I speak to you as the King, I am still the same man who has had that experience, and whose constant effort it will be to continue to promote the well-being of

his fellow men. May the future bring peace and understanding throughout the world, prosperity and happiness to British people, and may we be worthy of the heritage which is ours."

TORONTO

Past and Present

THE history of Toronto dates back almost three hundred years ago when the first French adventurers were guided by their friendly Indians to the "place of meeting" which is the Indian name for Toronto. It was undoubtedly a centre of trade early in the eighteenth century, becoming important enough to be made a fortified post in 1749-1750 when the French built a fort and named it Fort Rouillé, after the Colonial Minister at that time. In the war between the French and English the fort was burned in order to prevent English occupation in 1759.

Governor Simcoe chose the site of the City in 1793, for the Capital of the Province of Upper Canada. He resolved to set up a special two-roomed tent or canvas house which he had previously brought from England, as the nucleus of the new Capital, and to establish himself with his family during the summer. He changed the name to York in honour of the Duke of York, son of the

then King George III. The town was occupied by the United States' forces in 1813, at which time the Legislative Assembly Buildings and Archives were burned. Self government was granted in 1817 and in 1834, the population having increased to 9,000, it was incorporated as the City of Toronto. (Date of incorporation, March 6th, 1834.)

In 1842, just eight years after incorporation as a City, Charles Dickens wrote this most illuminating description of Toronto. "The town itself is full of life and motion, bustle, business and improvement. The streets are well paved and lighted with gas; the houses are large and good; the shops excellent, many of them having a display of goods in their windows such as may be seen in thriving towns in England, and some which would do no discredit to the metropolis itself. There is a good stone prison here, and there are, besides, a handsome church, a court house, public offices, many commodious private residences and a Government observatory for noting and recording the magnetic variations."

From such a sturdy beginning Toronto has developed into a great modern cosmopolitan

City in the front rank of the really important commercial, industrial and travel centres of the North American Continent.

The atmosphere of Toronto is certainly singular for, from the spiritual emanation of three-quarters of a million people and the pioneer development, arises the foundation of its great institutions, known throughout the world for their character and reputation for sound intrinsic values. It is the home of the University of Toronto, the largest University in the British Empire, the world's greatest annual fair, the Canadian National Exhibition, and Canada's premier annual Agricultural, Live Stock and Horse Show, the Royal Winter Fair. It is the Head Office of five of Canada's ten chartered banks, as well as of many financial institutions. It has a great industrial and commercial capacity and fosters as municipal undertakings a street railway and motor coach service second to none on the Continent, an extensive street lighting system, a water works system, and a harbour development that is the most modern and up-to-date on the Great Lakes.

Toronto has many distinctions but its importance as a manufacturing centre leads all

the rest. If one follows a line drawn from Canada's southern boundary through this City, and continuing directly to the north, it will about evenly divide the Canadian population, so that Toronto is in a position not only to serve a population of 1,500,000 within its tributary retail trading area, but its manufacturing and commercial institutions can compete conveniently for trade both in the East and in the West. Toronto has water communication to many important centres, to tide water and to more than half the way across the Continent. In its century of growth and in every respect, Toronto has become great among the cities of the world. It is one of the few really great cities not built either on or at the mouth of a great river.

The Government of the City is carried on under the provisions of The Municipal Act passed by the Government of the Province of Ontario. It is vested in a Municipal Council, consisting of the Mayor and four members forming the Board of Control (all five being elected annually by the citizens at large) and eighteen Aldermen elected annually from the nine Wards into which

the City is divided (two Aldermen being elected from each Ward). The Council, as a whole, is the legislative body of the Municipality and carries on its legislative work through Standing Committees, viz.: Committee on Works, Committee on Property, Committee on Parks and Exhibitions, and Committee on Legislation. The Board of Control is the executive body and as such is responsible for the preparation of the annual Estimates or Budget and the supervision of matters relating to finance, the appointment of officials, the carrying on of public works authorized by the Council, and the general administration of the affairs of the City, except as to the Department of Education and Police, the first being under the control of a Board of Education elected by the citizens annually, and the latter under a Board of Commissioners of Police, which consists of the Mayor for the time being, one County Court Judge and one Magistrate.

The present City Hall was opened on September 18th, 1899, and cost only $2,500,000 although it has a floor space of 5.4 acres.

The City of Toronto is situated on the northern shore of Lake Ontario nearly due

north from the mouth of the Niagara River. It lies in latitude 43° 39′ 10″ north, longitude 79° 23′ west. The minimum and maximum elevations of Toronto are 245 feet and 610 feet respectively, the elevation of the City Hall being 295 feet.

Court of Revision

W. Assheton Smith, *Commissioner.*

The Assessment Rolls are returned and the Court sits to hear appeals against the general assessment of the City upon the following days.

Ward	Date for Return of Roll	Date of Commencing Court of Revision
7	March 17th	April 14th
8	March 28th	April 30th
1	April 21st	May 20th
6	May 23rd	June 22nd
2	May 30th	July 13th
5	July 3rd	July 27th
9	July 10th	August 14th
4	July 25th	August 31st
3	August 8th	September 24th

Appeals must be filed within ten days after the return of the Assessment Roll, as stated on the notice of assessment, and should be lodged with the Assessment Commissioner.

The Court also sits from time to time throughout the year to hear appeals in respect of local improvement works, vacancy allowances and business tax adjustments.

The City Clerk is the Clerk of the Court.

All births and marriages must be registered at the City Clerk's Office, City Hall (Room 21A), within thirty days from the occurrence thereof.

Number of marriage licenses issued by the City Clerk in the year 1935, 6,030.

Deaths must be registered at the same office or at any police station before a permit to bury can issue.

Physicians attending are required to send in notices of births, and parents or occupants of dwellings where births occur are required to register same.

Clergymen officiating are required to register marriages.

Physicians attending are required to certify as to deaths.

Neglect or failure to send in notice in either case renders parties liable to a fine not exceeding $10 and costs.

Marriage licenses issued during office hours. Office, Room, No. 21, Ground Floor, City Hall, west side. Telephone, Adelaide 7171.

Public Health

The Administrative Offices of the Department of Public Health are located on the Third Floor, City Hall; telephone, Adelaide 7171.

District Offices

The Divisions of Medical Services and Public Health Nursing discharge their functions of city-wide health services through 8 District Offices, each under the joint direction of a District Medical Officer and District Superintendent of Nurses. District Offices are located strategically from west to east over the City as follows:

Runnymede—354 Keele St. ..... Junction 8959
Parkdale—53 Argyle St. ..... Melrose 5709
Hillcrest—643 Markham St. ..... Melrose 8035
Yorkville—135 Davenport Rd., Kingsdale 4369
University—408 Huron St. ..... Randolph 3116
Moss Park—18 Gifford St. ..... Midway 8681
Riverdale—281 Broadview Ave., Hargrave 2185
Scarboro—299 Main St. ..... Grover 1144

Toronto continues to enjoy an excellent record of health. The average general death rate during the past two years has been slightly over 10 per 1,000 population. For 1935 it was 10.4, while in the previous year it reached a low for all time at 10.1. The present rate is 12 per cent below those which obtained in years as late as 1928 and 1929, conveying, for one thing, that close to 1,000 more of our citizens would have failed to survive the year 1935, had quite recent rates continued to prevail.

Toronto's lowest infant death rate was that of 54.2 per 1,000 living births recorded for 1934. During 1935, a comparatively low rate of 55.6 was experienced. Compared with the years 1932 and 1933, the rate at the present time is down almost 14 per cent. Health departments generally pride themselves—and so they may—in low infant mortality. The latter is probably still the most sensitive single index of the effectiveness of the newer public health. It portrays, as nothing else can, the inherent values of teaching and demonstration in the matter of personal care and hygiene, inasmuch as success in preserving tender, early life attests to the fundamental solidarity of the effort.

The death rate for tuberculosis remains low for a city the size of Toronto. The best rate ever recorded was one of 40.8 per 100,000 population and this was duplicated in 1934. The figure for 1935 stands at the slightly higher point of 42.0. In retrospect, the tuberculosis rate is now less than one-third of what it was in 1910; since 1930 a reduction of 30 per cent has been effected in mortality from this disease.

The diphtheria record for 1935 shows 46 cases with 8 fatalities. While it does not compare with the enviable record established in 1934, it must be considered a very favourable experience for a city of well over 600,000 population. Comparing the records for 1934 and 1935, the former was a feat which may not be paralleled for many a year, the latter in reality a variation within a control or immunization programme not yet as complete as it can be. Notwithstanding, we stand at present on a level far reduced from that of not many years back, as, for example, that of 1929, when 1,022 cases were reported with 64 deaths.

Several other noteworthy features are contained in the statistics of the year 1935. One

might draw attention to a six per cent drop in the maternal death rate from 6.1 per 1,000 living births in 1934, to one of 5.7. The customary small mortality from typhoid — 2 deaths within the year—is sustained and indicates that this disease has become exceptionally well controlled. The close of the year marked the completion of a three-year period in which not a single case of smallpox has been reported.

Toronto's birth rate declined in 1935 to a new low, 16.6 per 1,000 population. For comparative purposes, the 1930 rate may be cited, 22.0.

The total health picture of the City continues on a high plane. The Department of Public Health does not take the credit alone. Private physicians, public officials, and welfare groups have joined hands in the noble objective of health conservation and health promotion, and their efforts, as is quite apparent, have not been in vain.

Civic Ambulances

Telephone: Adelaide 6465.

The Civic Ambulance Service, under the control of the Department of Public Health,

is located at the Coroner's Building, 86 Lombard Street.

A limited service is provided, restricted in scope to answering calls of an emergent nature such as street accidents and similar happenings; the transportation of non-emergent cases to a public hospital when the hospital maintenance of such person is to be at public expense, *i.e.*, a City Order case, and the transportation of all cases of communicable disease. Separate ambulances and staffs are provided for the respective services mentioned.

All calls of whatever nature should be directed to the Coroner's Building, telephone Adelaide 6465, where the attendant on duty will allocate the call if it is within the above categories, or otherwise advise the enquirer if service cannot be given.

In case of accident, the patient, if of adult age and conscious, has the right to select the hospital or other destination within the City to which it is desired to be taken. In the case of children, or those in an unconscious condition, the medical attendant will undertake direction of the ambulance. In the

absence of such attendant this duty then devolves on Police Officer present.

In cases where a person is found dead and a physician has not been in immediate attendance, the Coroner's Office, 86 Lombard Street—telephone Adelaide 6466—should be called without delay.

Public Hospitals

The Public Hospitals in the City are located as follows:

Toronto General Hospital, 101 College St.
St. Michael's Hospital, 30 Bond St.
Sick Children's Hospital, 67 College St.
Western Hospital, 399 Bathurst St.
Grace Hospital, College and Huron Sts.
St. John's Hospital, 28 Major St.
St. Joseph's Hospital, 1830 Queen St. W.
Women's College Hospital, 74 Grenville St.
Salvation Army Women's Hospital, 133 Bloor St. East.
Toronto East General Hospital, Coxwell and Sammon Avenues (East York).
Mt. Sinai Hospital, 100 Yorkville Ave.
Wellesley Hospital, Homewood Place.
Lockwood Clinic Hospital, 300 Bloor St. E.
Mothercraft Centre, 84 Wellesley St.

Public Health—*Continued*

Other Hospitals and Institutions

Isolation Hospital, Gerrard St. East and St. Matthews Road.

Toronto Hospital for Consumptives, Buttonwood Avenue (Mt. Dennis).

I.O.D.E. Preventorium, Sheldrake Blvd.

Hospital for Incurables, 130 Dunn Ave.

Mercy Hospital for Incurables, 58 Sackville St.

Home for Incurable Children, 278 Bloor St. East.

Ontario Hospital for Insane, 999 Queen St. West.

Psychiatric Hospital, Surrey Place.

Hillcrest Convalescent Home, Bathurst St. and Davenport Rd.

Weather Records—*Continued*

1840-1935

Warmest day, 3rd July, 1911. Mean temperature, 91.3 degrees.

Highest registered temperature, 103.2 degrees on the 3rd July, 1911.

Coldest day, 8th February, 1934. Mean temperature of 16.0 degrees below zero.

Lowest registered temperature, 26.5 degrees below zero on 10th January, 1859.

Warmest year, 1921, mean temperature, 49.9 degrees.

Coldest year, 1875, mean temperature, 40.6.

Heaviest day rain, 3.88 inches on 27th July, 1897.

Heaviest day snow, 16.2 inches on March 28th, 1876.

Heaviest fall of snow in any winter, 123.5 inches in 1869-70.

Least fall of snow in any winter, 25.7 inches in 1932-33.

Parks and Playgrounds

The park system of Toronto, comprising 2,242.95 acres, had its beginning in the dedication by the late Jesse Ketchum to the Village of Yorkville in 1856 of the area known as Ketchum Park, and which came into possession of the City upon the annexation of Yorkville to the City in 1883. Since that time many park areas have been deeded to the City by the Crown, or donated by private citizens, and in all 1,006.41 acres have been so acquired, in addition to which 1,236.54 acres of park and playground lands have been purchased by the City. Much of this development has taken place in the past twenty-five years, during which time 909 acres of lands have been acquired.

One hundred and six park and playground areas are comprised in the park system, twenty-nine children's supervised playgrounds are operated within the system, in addition to which twenty-nine are operated by the Parks Department upon school grounds.

The zoological collections at Riverdale Park, High Park and the Island comprise a great variety of domestic and foreign animals and birds. The animals number 216 in 79 differ-

ent species; birds comprising 179 species number 731. Many of the most valuable of these have been donated to the City.

The trees upon the streets of the City, as well as those in the parks, are under the care of the Parks Department. During the past year 1,961 trees were planted upon the streets; 2,061 were removed; 17,688 were pruned; and 48,408 were sprayed.

The Exhibition Buildings and Grounds, in which the Canadian National Exhibition is held annually, are maintained by the City through the Parks Department.

The parks and playgrounds of the City, with the area of each, are as follows:—

Toronto Municipal Abattoir

This service was inaugurated August 4th, 1914, as a public slaughtering establisment with cold storage (high and low temperature) accommodation. It is essentially to the greatest extent a public health institution, and while the fact of its existence may perhaps at times have had a tendency to regulate the price of meats, the purpose of its establishment was to concentrate the slaughtering of food animals within the City, so that the evils attendant upon the operation of small slaughter houses might be eliminated.

Slaughter House Records, 1935

	Number Slaughtered
Cattle	22,184
Calves	15,927
Sheep and Lambs	25,266
Hogs	9,041
Total	72,418

Earl E. Hunt, Abattoir Commissioner.

Office

Foot of Tecumseth St., Toronto 2.
Telephone—Waverley 9214.

Department of Buildings

The Department of Buildings has charge of the following:

1. The examination of Plans, and issuing of Permits for all buildings.
2. The licensing of Passenger Elevators.
3. The licensing of Dry Cleaning, and Sponging and Pressing establishments.
4. The preparation of plans and specifications and the supervision of erection of Civic Buildings.

During the past year 33 licenses were issued for the operation of Dry Cleaning Plants and 609 licenses were issued for Sponging and Pressing Establishments.

Licenses were granted for the operation of 1,229 Passenger Elevators.

Building Statistics for Ten Years

Local Improvement Works

When the owners of property on any street or lane desire a pavement, sidewalk, curbing, grading, sewer or water main, or when the property owners in any locality desire the opening, widening, extension or diversion of any street or lane, application should be made to the Department of Works for a form of petition to the Council for the work or improvement. The petition issued by the Department contains an estimate of the cost of the work and the estimated rate of assessment per foot frontage. When the petition has been signed by two-thirds in number of the owners representing one-half in value of the lots liable to be specially assessed, the Council may, with the approval of the Ontario Municipal Board, proceed with the work and subsequently assess the cost against the lots abutting directly on the work.

If it is found, when the petition is presented, that the names of two-thirds in number of the property owners representing one-half in value of the property have not been obtained, and if the Council nevertheless determines, on the recommendation of the Commissioner of Works, that the work is necessary and in the public interest, it may, with the approval of the Ontario Municipal Board, direct that the work be proceeded

LOCAL IMPROVEMENT WORKS—*Continued*

with unless a majority of the interested property owners, representing at least one-half in value of the property to be assessed, petition against it within one month after the Council has given notice of its intention to proceed therewith. The foregoing procedure, which is called the "initiative" procedure, may also be followed on the recommendation of the Commissioner of Works, or on the joint recommendation of the Commissioners of Works and Assessment in the case of certain works, when there has been no petition for the improvement.

Under authority of section 8 of the Local Improvement Act, the Council, if it deems a work necessary in the public interest, may, with the approval of the Ontario Municipal Board, proceed therewith, notwithstanding any petition to the Council opposed thereto. The vote of the Council to proceed with the work must be a two-thirds vote of the whole Council.

Where the work is a trunk sewer, trunk water main, or the opening, widening, extending, diverting or grading of a street, the Council may by a three-fourths vote of the whole Council assume part of the cost and assess part of the cost against abutting lands and also lands benefited by the work.

Water Works Stations and Equipment

(Under the supervision of R. C. Harris, Commissioner of Works.)

John Street Pumping Station, foot of John Street, on Waterfront.

General Service

Nos. 6 and 7 engines, each 15,000,000 gals. capacity, 24 hours (steam).

Nos. 8, 9 and 10 engines, each 24,000,000 gals. capacity, 24 hours.

4 electrically-driven pumps, each 20,000,000 gals. capacity, 24 hours.

2 electrically-driven pumps, each 15,000,000 gals. capacity, 24 hours.

High Pressure Fire Service

2 steam turbine-driven centrifugal pumps, each 5,000,000 gals. capacity, 24 hours.

1 steam turbine-driven centrifugal pump of 10,000,000 gals. capacity, 24 hours.

East Toronto Pumping Station, Gerrard St.

1 engine, 3,500,000 gals. capacity, 24 hours (steam).

1 engine, 1,000,000 gals, capacity, 24 hours (steam).

WATER WORKS—*Continued*

Riverdale Pumping Station, Broadview Ave.

1 electrically-driven pump of 10,000,000 gals. capacity, 24 hours.

2 electrically-driven pumps, each of 5,000,000 gals. capacity, 24 hours.

High Level Pumping Station, Poplar Plains Road.

2 engines, each 5,000,000 gals. capacity, 24 hours (steam).

1 engine, 7,500,000 gals. capacity, 24 hours (steam).

1 engine, 8,500,000 gals. capacity, 24 hours (steam).

2 engines, each 20,000,000 gals. capacity, 24 hours (steam).

1 engine, 25,000,000 gals. capacity, 24 hours (steam).

2 electrically-driven pumps, each 24,000,000 gals. capacity, 24 hours.

2 electrically-driven pumps, each 10,000,000 gals. capacity, 24 hours.

4 electrically-driven pumps, each 7,000,000 gals. capacity, 24 hours.

WATER WORKS—*Continued*

Island Filtration Plant Pumping Station

Filter Service

1 engine-driven centrifugal pump, 50,000,000 gals. capacity, 24 hours (steam).

2 electrically-driven pumps, each of 18,000,000 gals. capacity, 24 hours.

1 electrically-driven pump, 9,000,000 gals. capacity, 24 hours.

3 electrically-driven pumps, each of 36,000,000 gals. capacity, 24 hours.

1 electrically-driven pump of 40,000,000 gals. capacity, 24 hours.

Island Domestic Service

1 engine, 1,000,000 gals. capacity, 24 hours (steam).

1 electrically-driven pump, 1,500,000 gals. capacity, 24 hours (summer use).

1 steam or electrically-driven pump, 4,000,000 gals. capacity, 24 hours (summer use).

Sight-seeing coach or omnibus — each passenger per hour	.50	1.00
Ambulance, for any journey within the City		5.00
Funeral hearse		10.00
Hotel omnibus, for each passenger		.25
Drive-self cab, 5-passenger cars, including oil and gas, per mile		.20
Drive-self cab, 7-passenger cars, including oil and gas, per mile		.25

TAXICAB TARIFF—*Continued*

Tariff for "Zone" Cabs

SECTION 42.

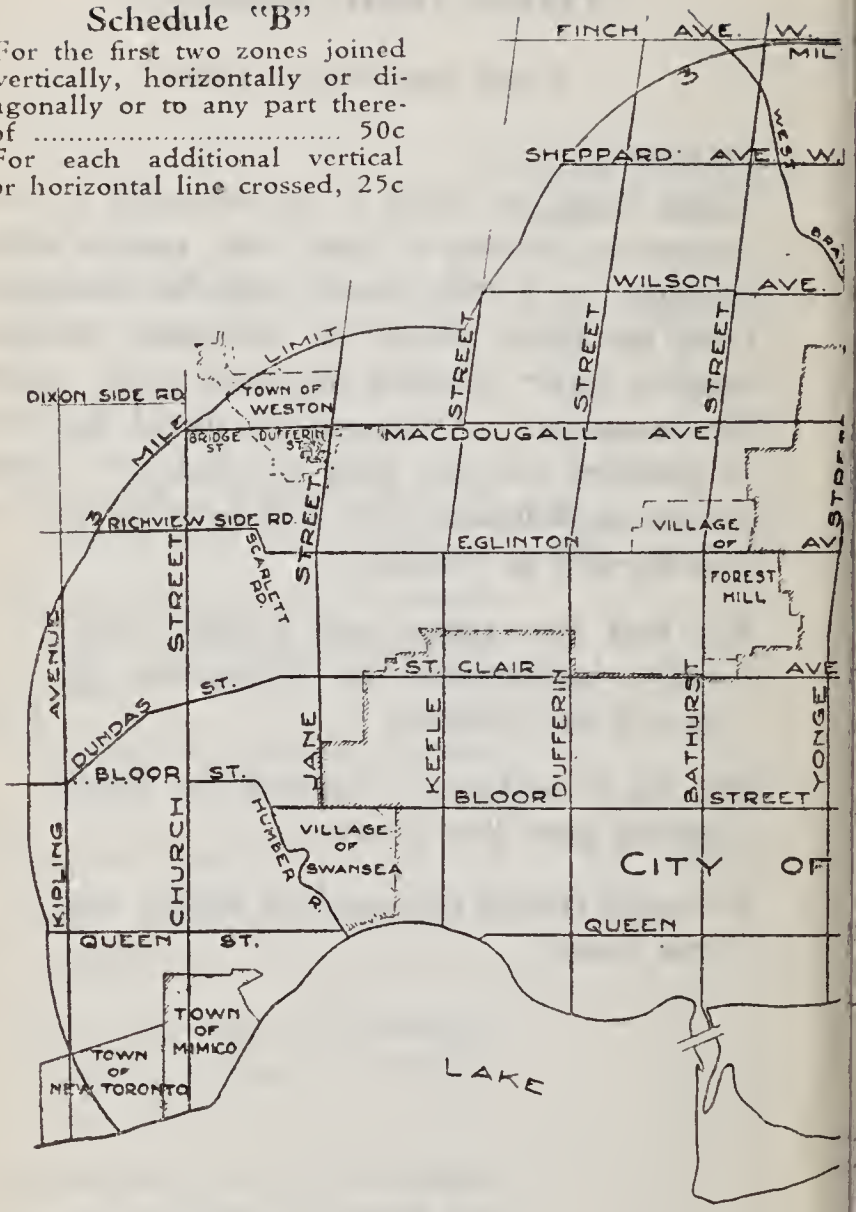
The rates or fares to be charged by the owners or drivers of zone cabs, except when engaged on a time basis, shall be computed from the point where the passenger or passengers enter the cab to each point where the passenger or passengers direct the cab to proceed on the plan divided into zones shown as Schedule "B" and forming part of this By-law as follows:

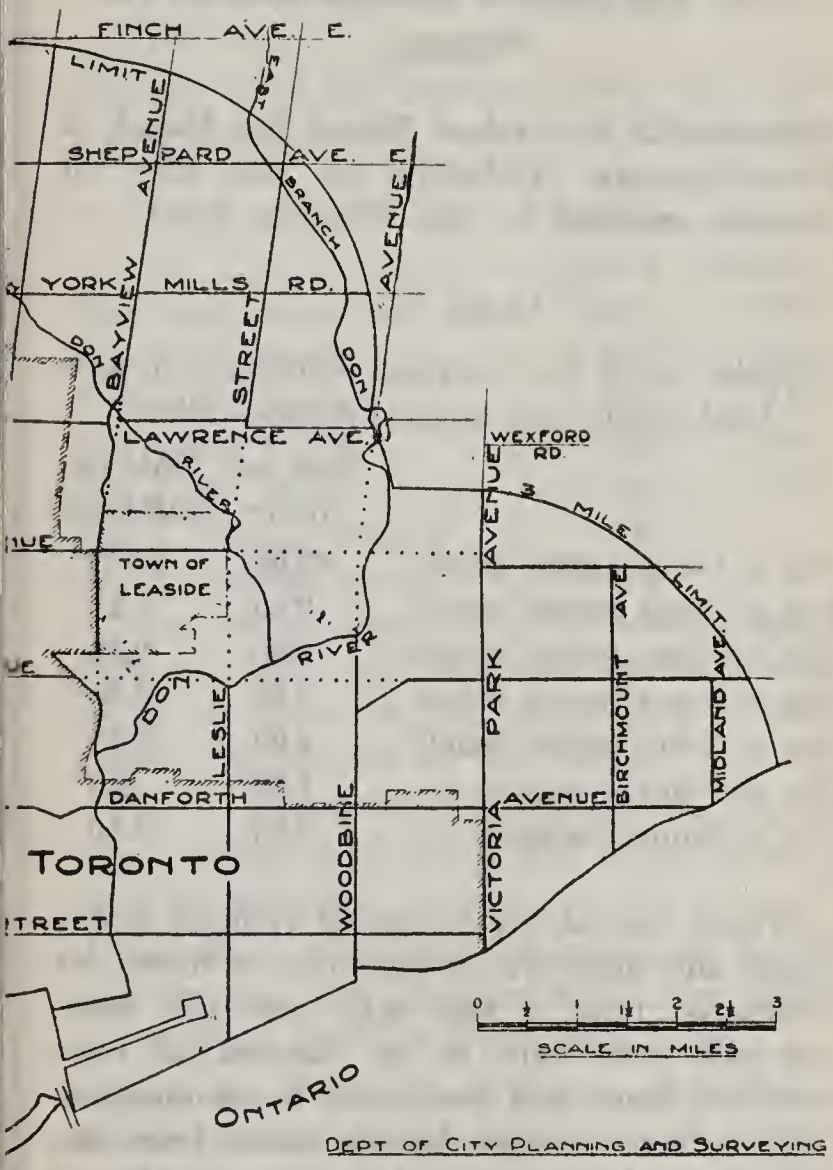
For first two zones only joined vertically, horizontally or diagonally, or to any part thereof	$ .50
For each additional vertical or horizontal zone line crossed	.25
For each return trip entirely within any one zone	.75

Schedule "B"

For the first two zones joined vertically, horizontally or diagonally or to any part thereof 50c

For each additional vertical or horizontal line crossed, 25c





DEPT OF CITY PLANNING AND SURVEYING

Tariff for Hire of Express Wagons and Trucks

Section 23 of By-law 146 of the Board of Commissioners of Police for the City of Toronto provides for the following tariff:

Class "A"

Vehicles used for moving furniture, household goods and general merchandise:

	Rate per hour	Rate per half hour
For a 1-ton motor truck.....	$2.00	$1.25
For a 2-ton motor truck.....	2.50	1.75
For a 3-ton motor truck.....	3.00	2.25
For a 4-ton motor truck.....	3.50	2.50
For a 5-ton motor truck.....	4.00	2.75
For a 1-horse wagon	1.10	.65
For a 2-horse wagon	2.00	1.10

Where any of the foregoing vehicles is engaged any time over a full hour or hours for additional time if less than one-half hour, one-half hour rate to be charged; if over one-half hour, full hour rate to be charged.

The above charges to commence from the time the vehicle leaves the office, warehouse or stand to take up load and to continue until its return thereto.

EXPRESS TARIFF—*Continued*

CLASS "B"

Vehicles used for moving wood, coal, brick, snow, sand, gravel, earth and other coarse material:

	Rate per hour	Rate per half hour
For 1-ton truck	$2.00	$1.25
For 2-ton truck	2.50	1.75
For 3-ton truck	3.00	2.25
For 4-ton truck	3.50	2.50
For 5-ton truck	4.00	2.75
For a 1-horse wagon	.85	.....
For a 2-horse wagon	1.10	.....

Provided in the case of a 2-horse wagon that not less than one and one-half cubic yards of earth or its equivalent in other material is carried on the wagon.

For a wagon or vehicle drawn by one horse, eighty-five cents for every hour or fraction thereof.

The above rates may be increased by fifty per cent. for any hour in which the vehicle is employed between 7 p.m. and 7 a.m.

Any person hiring any of the vehicles heretofore mentioned and neglecting or refusing to pay therefor the rates mentioned, shall be liable to the penalty set forth in Section 24 of this By-law.

Board of Education

The Board of Education consists of eighteen members, two elected from each of the nine wards, and two appointed representatives of the Separate School Board.

Election Day—Date of

(See page 86)

The membership at present is as follows:

Ward No. 1 .....Edmund T. Guest.
Gordon W. Armstrong.

" " 2 .....S. Tupper Bigelow.
Frank O. Tidy.

" " 3 .....W. Reg. Shaw.
Mrs. Norman A. M. MacKenzie.

" " 4 .....Mrs. Ida L. Siegel.
Hugh A. Ross.

" " 5.....C. M. Carrie.
Mrs. R. Henderson.

" " 6.....M. A. Brillinger.
George M. Orr.

Penny Bank

For Schools

Inaugurated April 1st, 1905.

The Penny Bank operates in the Schools with the approval of the Board of Education Deposits are made each Tuesday morning in the class room. Withdrawals can be made by school children at the Head Office of the Bank, corner of Orde and McCaul Streets, between the hours of 3.30 p.m. and 5 p.m., except Saturdays, and by parents from 10 a.m. until 5 p.m. Banking hours on Saturdays from 10 a.m. until 1 p.m.

There are over 87,000 open accounts in Toronto and suburbs with a total balance on deposit of over $647,000. About 35% of the pupils make deposits every Tuesday morning. A large number of classes have 100% of the enrolment operating accounts in the Penny Bank.

Hon. President—Lt.-Col. H. D. Lockhart Gordon, D.S.O.

President—M. A. Mackenzie, M.A.

Managing Director—H. B. Scandrett.

Assistant Manager — Elizabeth Armstrong. Telephone, Adelaide 0828.

Separate School Board

The Board at present is composed of eighteen Trustees, elected by Wards, for a term of two years, one Trustee in each Ward retiring annually. The membership at present is:

Mr. J. Gerald Kelly, Chairman.

Separate School Board

D. A. Balfour
Joseph Bouvier
F. Coates

Number of Separate Schools	40

Public Libraries

The management and control of the Public Library of the City with its several branches are vested in a Board of Management, appointed pursuant to the provisions of the Act respecting Public Libraries and Art Schools (Chap. 202, R.S.O. 1914), and composed of the Mayor of the City and eight others, three of whom are appointed by the City Council, three by the Board of Education, and two by the Separate (Catholic) School Board. The persons appointed by the City Council and the Board of Education hold office for three years, and those by the Separate School Board for two years. These members retire in rotation at the end of their respective terms on the 31st of January.

The Board holds its regular meetings on the second Tuesday of each month, and the Libraries and Finance Committee meets on the next preceding Thursday.

The Libraries are maintained by an annual appropriation from the tax rates, under legislative enactment, of an amount not to exceed fifty cents per capita of the population of the City as shown in the returns of the Assessment Department. This appropria-

tion is obligatory, but by a vote of a majority of the members of the Council present and voting the appropriation may be increased to an amount not exceeding one dollar per capita.

Board of Management of 1936

Mrs. Richard Davidson, Chairman,
63 St. George Street,
(Representing Board of Education).

Controller Ralph C. Day,
City Hall,
(Rep. Mayor S. McBride).

Mr. Thos. W. Banton,

(Rep. Board of Education).

Mr. J. C. M. MacBeth, B.A., K.C.,
152 Springhurst Ave.,
(Rep. Board of Education).

Chief Librarian, George H. Locke, M.A., LL.D.

Dep. Chief Librarian, C. R. Sanderson, B.Sc.

Sec'y.-Treasurer ..... Edward S. Caswell

The Administration Offices are located in the Central Library Building, corner College and St. George Sts. Telephone (switchboard), Kingsdale 1152.

The Downtown Circulating Library is at No. 42 Adelaide Street West.

The Reference Library and the Central Circulating Library are located in the main Library building, situated at the corner of St. George and College streets. Immediately north of this building there is a well-equipped Boys' and Girls' Library in the Boys' and Girls' House. There are sixteen Branch Libraries and Stations in several Schools and Settlements.

The cost of the main building at College and St. George streets, and of the Branches on Yorkville Avenue, Queen Street West, Annette Street, Broadview Avenue, Roncesvalles Avenue, Bathurst Street and Queen Street East was met by funds provided by the late Andrew Carnegie. Sites and buildings for the other branch libraries were secured by special appropriations from the City.

The Reference Library is open from 10 a.m. to 9.30 p.m.; the Central Circulating Library and the regional branches (Dovercourt anl Riverdale), 10 a.m. to 9 p.m.; the remaining branch libraries from 2 to 9 p.m., but closing on Wednesdays. The Boys' and Girls' Library, on St. George Street, opens at 10 a.m. and closes at 6 p.m.

The main building includes, in addition to the administrative offices and the Reference and Circulating Divisions, the Central Reading Room, with an ample supply of the leading Canadian, British and American newspapers and magazines; the Music Library, a popular branch of the lending system; the Reference collection of the bound volumes of the Canadian, British and American patent

specifications; a valuable collection of Government documents, and a Bureau of Clippings, these gathered from current periodicals for reference purposes.

In the Circulating portion of the main building are also housed the Kipling Room, with its special collection of books for boys and girls of High School age, and the John Ross Robertson Collection of engravings, prints and paintings illustrative of early life in Canada (the largest and most valuable collection of Canadian prints in existence). This room is open to the public daily without charge.

Library Statistics, 1935

Value of Libraries, including buildings and grounds, about	$1,617,964
Adult books issued for home reading	2,910,152
Reference books used	313,140
Boys' and Girls' books used	1,023,404
Books and pamphlets added	61,172
Total number of books and pamphlets in the Libraries	574,236

Canadian National Exhibition

From August 28th to September 12th the Canadian National Exhibition will observe its fifty-eighth consecutive year of operation. Actually this "Show Window of the Nations" dates back to slightly before the dawn of the nineteenth century, having had its inception in 1792. In those early days of Upper Canada's history when governmental headquarters were at Niagara there was formed the Niagara Agricultural Society under the patronage of Governor Simcoe. Except for a brief period following the War of 1812, the Canadian National Exhibition has been carried on, under one name or another, but always progressing and today it is admittedly the greatest of the world's annual expositions.

Founded on agriculture and planned for the "encouragement of agriculture, industry and the arts", it has rendered a service to Canada the value of which is inestimable. As the Exhibition grew and expanded it embraced the countries of the British Empire and finally many of the leading industrial and agricultural countries of the world.

In order that the benefits and advantages of the annual fair might be more readily available to a greater number of the pioneers of the rapidly growing Upper Canada it be-

came an itinerant institution held at various points throughout the now province of Ontario. In 1801 it was held at London. That was the foundation of a provincial organization. The fair subsequently was held at Kingston, Cobourg, Niagara, Brockville, York and elsewhere. In 1879 it became the Toronto Industrial Exhibition. Not until 1912 did it become the Canadian National Exhibition.

Its progress since the turn of the present century has become truly remarkable and it has advanced steadily until its investment in land, buildings and plant equipment totals $21,000,000. The Canadian National Exhibition now embraces agriculture, industry, education, pageantry, science, art, recreation, music, fashions, travel, sport, engineering, etc., etc.

The Board of Directors consists of the Mayor of the City of Toronto and seven members of the City Council, together with eight representatives of the manufacturing interests and art and eight representatives of agriculture, all of whom are elected at the annual meeting from among the membership of the association, which latter comprises one hundred and forty organizations of various kinds.

The Minister of Agriculture of the Province of Ontario is also (ex-officio) a member of the Board of Directors. In addition, the past presidents of the association are life directors. The 1936 board is as follows:

Honorary President

Colonel F. H. Deacon.

President

Alfred Rogers.

Vice-Presidents

George Brigden.

John Westren.

Life Directors

George H. Gooderham, T. A. Russell, Robert Fleming, Thomas Bradshaw, Sam Harris, Colonel F. H. Deacon.

Directors

Section "A" representing the City Council: His Worship Mayor Sam McBride, Aldermen Ernest Bray, G. H. Gardiner, W. A. Howell, F. M. Johnston, Robert Leslie, J. D. McNish, J. S. Simmons.

Section "B" representing Manufacturers:

George Brigden, John Firstbrook, E. J. Freyseng, H. W. Hunt, John Millar, Morden Neilson, J. A. Scythes, John Westren.

Section "C" representing Agriculture:

Thomas Bartrem, W. A. Dryden, T. W. Duggan, J. M. Gardhouse, Lionel Godson, Dr. R. M. Jenkins, A. A. Macdonald, Alfred Rogers.

Executive Staff

General Manager ..... Elwood A. Hughes
Secretary-Treasurer ..... T. Gordon Dalglish
General Offices—7th Floor, Lumsden Bldg., Yonge and Adelaide Streets, Toronto.
Telephone—Elgin 4291, connecting all departments.

Days of the Exhibition, 1936

Friday, Aug. 28 .....Opening Day.
Saturday, Aug. 29 .....Warriors' Day.
Monday, Aug. 31 .....Children's Day.
Tuesday, Sept. 1 .....Automotive Day.
Wednesday, Sept. 2 ....Retail Merchants' and Service Clubs' Day.
Thursday, Sept. 3 .....Women's and Music Day.
Friday, Sept. 4 .....Press Day.

Canadian National Exhibition—*Continued*

Saturday, Sept. 5 .....Manufacturers', Athletic and Floral Day.

Monday, Sept. 7 .....Labor Day.

Tuesday, Sept. 8 .....International Day.

Wednesday, Sept. 9 ....Agriculturists' Day.

Thursday, Sept. 10 .....Transportation and Commercial Travellers' Day.

Friday, Sept. 11 .....Live Stock Review Day.

Saturday, Sept. 12 .....Citizens' Day.

Exhibition Statistics

Year	Prizes Paid	Attendance
1883	$ 23,138	171,756
1893	31,232	267,192
1903	37,515	527,329
1913	47,606	1,009,000

1933	94,100	1,420,000
1934	90,686	1,503,000
1935	90,201	1,651,000

GROUNDS AND BUILDINGS

Exhibition Park contains permanent buildings which are accounted the world over as masterpieces of exposition architecture. Those comprising the main group are constructed of steel, stone, concrete and brick, and are truly worthy of the high standard attained by the exhibition they house. Amongst the larger buildings are: the Food Products, the Coliseum, the Automotive, Electrical and Engineering, Horse Palace and the Province of Ontario. In 1927, at the cost of $1,400,000, the live stock exhibit buildings were erected as an annex to the Coliseum. A new Engineering and Electrical building was provided in 1928 at the cost of $600,000, and in 1929 the automotive interests were housed for the first time in a magnificent million-dollar building. The great horse Pavilion was erected in 1931 at a cost of one million dollars.

The current year saw the erection of an ultra-modern bandshell, for which the sum of $50,000 was appropriated. This structure combines all the new developments in the field of acoustics, lighting, and materials for the purpose. The finest bands of Europe and America will be heard from time to time, and the bandshell will be used for concert, operatic and other attractions.

Royal Agricultural Winter Fair Association

The Royal Agricultural Winter Fair—a Canadian institution having nation-wide import—has grown steadily in importance and scope since it was established 14 years ago. In 1935 it was dedicated as "The King's Year" to his late Majesty King George V. It is interesting to note that live stock from King Edward VIII's ranch in Alberta have been exhibited at the Royal for many years.

The Royal Coliseum is the pivotal arena around which the other magnificent buildings are grouped, covering some 25 acres of floor space. Immediately after the first Fair in November, 1922, support from exhibitors from every part of Canada was so enthusiastic that more extensive accommodation became imperative. The erection in 1927 of the live-stock buildings to house the cattle, sheep and swine was the first step in expansion, and, in 1931, the original building plan was rounded out by the completion of the magnificent Equerry Building, having box and open stalls for 1,200 horses. There is, in all, penning for 2,000 cattle, 2,000 sheep and 1,500 swine, besides about 8,000 head of poultry.

The Fair is the fulfilment of the vision of many a far-sighted agriculturalist. At a meeting of agriculturists and others interested, held in Toronto in February, 1918, a committee was formed to take up the proposal of a national livestock show for Canada. In October, 1919, it was decided to hold the Fair in Toronto, and a charter was obtained from the Ontario Government to form an "Agricultural Winter Fair Association". Subsequently, His late Majesty, by charter, graciously granted the use of the word "Royal" in connection with both Association and Fair.

Almost from the first the Royal proved its merits and won a recognized place in the higher realm of Canada's agricultural schemes of development and national expansion. To-day the Royal Winter Fair stands in a position of unique pre-eminence among agricultural exhibitions on this continent. The assembly of so much variety combined with high excellence under one roof and into one organization gives the Royal at Toronto a distinctiveness not matched anywhere else.

The list of presidents of the Royal Agricultural Winter Fair Association to date is:

W. A. Dryden, 1919 to 1923.
E. M. Carroll, 1924 to 1926.
D. O. Bull, 1927 to 1929.
Alfred Rogers, 1930 and 1931.
Col. Harry McGee, 1932 to 1936.

At the 1935 Fair, held on November 20-28, there were over 15,000 entries, including 1,400 from the United States and the participation of military officer riders from the Irish Free State, Chile, France, Holland, the United States and Canada. The total prize money paid was roundly $80,000.

EXECUTIVE OFFICERS

Scott, Sutton West, Ont.; P. L. Whytock, Toronto; and George Wilson, Toronto.

1936 DATES: NOV. 18-26.

Toronto and York Roads Commission

(Appointed under 5 Geo. V., Chap. 17)

This Commission consists of five persons, two appointed by the County Council of York and two appointed by the City Council of Toronto, and a fifth to be appointed by the four elected members or the Lieut.-Governor in Council. Its duty is the improvement and maintenance of main suburban roads to be determined upon by the Commission. The cost is to be borne by the City, the County and the Ontario Government in the following proportions: 25 per cent. by the City, 25 per cent. by the County, and 50 per cent. by the Ontario Government. The members and officers of the Commission are as follows:

Commissioners

E. G. Farr, Chairman, Weston, Ontario.

Hon. Frank P. O'Connor, Vice-Chairman, Toronto.

David Spence, M.P., 13 O'Hara Avenue, Toronto.

Wm. Croft, 255 Glencairn Avenue, Toronto.

J. Ray Price, Humber Bay, Ontario.

TORONTO AND YORK ROADS COMMISSION—
Continued

Secretary

R. W. Phillips, County Building, 57 Adelaide St. E., Toronto.

Treasurer

W. W. Gardhouse, County Building, 57 Adelaide St. E., Toronto.

Chief Engineer

H. C. Rose, County Building, 57 Adelaide St. E., Toronto.

The Toronto Harbour Commissioners

The Toronto Harbour Commissioners commenced active operations in 1914, and, in co-operation with the City Council and Dominion Government by Agreement and Order-in-Council, have transformed the Harbour from a state of inadequacy into one of the most modern and up-to-date harbours on the Great Lakes. It can accommodate the largest vessels passing through the Welland Ship Canal, and now ranks third in cargo tonnage among Canadian Lake and Sea Ports.

In addition to deepening the Harbour and constructing 42,500 lineal feet of wharves, the majority of which are provided with navigable depth ranging from 22 feet to 26 feet, the Commissioners have created two water-front industrial areas out of lands covered by water and non-revenue producing in 1915. These areas have direct access to rail and water transportation and are served by 30 miles of Commissioners' railway tracks, wide paved streets and hydro-electric power at cost; there is also perfect co-ordination of rail, water and highway transportation.

The Dominion Government and the Harbour Commissioners are now constructing a Marginal Way Pier, 1,264 feet long and 778

feet wide, with a slip 200 feet wide on each side; they are also jointly completing the unfinished walls on the north-west side of the Ship Channel. When completed this work will provide 3,000 lineal feet additional berthing space and 26 acres of industrial lands, applications for the lease of which have already been received.

The elevator capacity of Toronto Harbour has been increased to 4,750,000 bushels by the erection of a 2,000,000-bushel addition to the elevator of the Toronto Elevators Limited; it was commenced in July and completed by the middle of November, 1935.

The area of the lands sold, leased or occupied now totals 479 acres, on which are located 88 establishments, which have invested upwards of $38,000,000 in land, buildings and equipment.

The value of Harbour lands leased and sold from 1926 to 1935, inclusive, averages approximately $990,500.00 per year.

Assessed value of occupied Harbour properties, 1935		$20,064,266
Assessed value of all Harbour properties, 1912		1,976,804
Increase due to development of land covered by water and non-revenue producing in 1915		$18,087,462
The City of Toronto advanced to The Toronto Harbour Commissioners under its guarantee of bonds for payment of Interest and Sinking Fund in 1935		1,126,920
The taxes received by the City from occupied Harbour properties in 1935 totalled	$706,449	
Local improvement taxes paid by the Harbour Commissioners in 1935 totalled	183,654	
		890,103
From 1918 to 1935, inclusive, debentures of the Commissioners have been redeemed by Sinking Fund payments totalling		5,548,000

THE TORONTO HARBOUR COMMISSIONERS—*Cont'd*

The net general and local improvement taxes paid by The Toronto Harbour Commissioners on Harbour lands total $1,553,411, and are as follows:

Year	General	Local Improvement	Total
1912 to 1934	$132,318	$1,221,237	$1,353,555
1935	16,202	183,654	199,856
Total	$148,520	$1,404,891	$1,553,411

During the last few years waterborne traffic has been marked by a phenomenal expansion which is directly attributable to the Harbour facilities, which provide adequate accommodation to the largest vessels plying on the Great Lakes.

Below is the waterborne trade of the Harbour from 1911 to 1935:

Year	Tons	Year	Tons
1911	330,767	1932	2,270,445
1921	248,363	1933	2,500,100
1931	2,121,066	1934	3,125,144
		1935	3,020,132

The annual savings accruing to the citizens as a result of the establishment of modern waterfront facilities by the Commissioners for

commodities such as coal, coke, oils, etc., is at least equivalent to the bond interest charges of the Commissioners.

At the Western Section between Dowling Avenue and the Humber River 217 acres have been reclaimed. It is known as Sunnyside Beach, and contains a bathing pavilion with accommodation for 7,700 bathers at one time; adjoining this is a swimming pool 300 feet long by 75 feet wide, with a depth grading from 2½ feet. It has a capacity of 750,000 gallons. There are also amusement devices, games, rides, boating, canoeing, dancing and refreshments.

The waterfront properties at Toronto are served by a cross-town through traffic highway from the Humber River on the west to Leslie Street on the east, a distance of seven miles, with a minimum pavement width of 50 feet.

Commissioners

J. E. Ganong, Chairman, 1 Clarendon Ave.

George W. Porter, 317 Strathmore Blvd.

P. J. Mulqueen, 197 Rosedale Heights Drive.

B. J. Miller, 314 Rosewell Ave.

Thomas Rennie, 10 North Sherbourne St.

Toronto Transportation Commission

The Toronto Transportation Commission was incorporated by an Act of the Ontario Legislature assented to June 4th, 1920. The Act of Incorporation is 10-11 Geo. V, 1920, Chap. 144, which may be briefly summarized as follows:

(1) The Commission consists of three members, appointed by the City Council to serve for three years, and to be paid such salary or other remunerations as may be fixed by Council.

(2) No member of the City Council is eligible for appointment as a member of the Commission.

(3) The Commission is entrusted with the control, maintenance, operation and management of:

(*a*) The Toronto Railway Company upon its acquisition by the City.

(*b*) The Civic Lines.

(*c*) Any other street railways that the City may from time to time acquire.

TORONTO TRANSPORTATION COMMISSION—
Continued

(4) The City may at any time entrust to the Commission the construction, control, maintenance, operation and management of lines of motor buses, or subways, or of tubes, or of any method of underground or local overhead transportation. (This was done by By-law No. 8564.)

(5) To consider generally all matters relating to local transportation in the City of Toronto.

(6) To construct, control, maintain, operate and manage new lines of street railway.

(7) To fix such tolls and fares so that the revenue of the Commission shall be sufficient to make all transportation facilities under its control and management self-sustaining after providing for such maintenance, renewals, depreciation and debt charges as it shall think proper.

(8) To requisition the City for money necessary to carry out its powers and duties. But nothing contained in the Act of Incorporation shall divest the Council of its authority with reference to providing money for such purposes.

TORONTO TRANSPORTATION COMMISSION—
Continued

(9) The Commission to furnish the City annually an Operating and Financial Statement, and keep its books at all times open for inspection by the Audit Department of the City.

The fares chargeable by the Commission are as follows:

Fares for Adults:

Four tickets for 25 cents; cash fare, 10 cents.

Fares for Children:

(*a*) Not in arms and not over 51 inches in height: cash, three cents; ten tickets for 25 cents.

(*b*) School Children's tickets: School Children's tickets are sold at the rate of seven for 25 cents, and are for the use of all school children under 16 years of age. The tickets are good only going to and from school, between the hours of 8 a.m. and 4.30 p.m., and are not valid on Saturdays, Sundays or on other days when schools are closed.

TORONTO TRANSPORTATION COMMISSION—
Continued

Free transportation privileges on the street cars are provided to the members of the Amputations Association of the Great War and to blind people in Toronto receiving passes through the Canadian National Institute for the Blind.

Free transfers are issued between all street cars within the City limits and between street cars and "feeder" buses within the City limits.

To protect the City's huge investment and its rights to control public transportation in its streets, the City authorized the Commission's acquirement of control of the principal motor coach routes radiating from the City and of motor coach sight-seeing services in the City. These services and other special motor coach and motor launch services are operated by the Commission under the name of Gray Coach Lines, Limited. With its routes extending from the United States border at Niagara Falls and Buffalo to Toronto and thence to Muskoka Lakes and other northern Ontario resorts, Gray Coach Lines' motor coach services have made Toronto the hub of highway travel and have developed a

profitable tourist business for Toronto. Complete information in reference to the services of Gray Coach Lines and connecting motor coach services to all points in Canada and the United States is available at the Motor Coach Terminal, 602 Bay Street, or by telephoning ADelaide 4221.

Several municipalities adjacent to Toronto have arranged to have their local public transportation services managed by the Toronto Transportation Commission. This arrangement is advantageous to these municipalities and does not impose any financial responsibility on Toronto or on the Commission. These include street railway services in York Township, Weston, and the municipalities between Toronto and Richmond Hill on north Yonge Street; and bus services in York Township, Forest Hill Village, Leaside and East York Township.

The Toronto Island Ferries, now owned by the City of Toronto, have been managed by the Transportation Commission since February, 1927. Passenger and freight service is supplied by a fleet of ferry boats and freight craft between the mainland and the three

Islands—Centre Island, Hanlan's Point and Ward's Island. The one-way trip to any of these points is made in approximately fifteen minutes.

The ferry service is managed by the Commission under an agreement with the City. The finances of this service are entirely separate from those of the other services managed by the Commission under its Act of Incorporation.

The rates of fare are the same on the ferries as on the City street car system, the same tickets being good on either service, but no transfer tickets are issued between the ferries and the street cars.

This is the fifteenth year of the Commission's operation of various transportation services. In the essential quality of Safety the Commission has a notable record. Well over three and a half billions of passengers have travelled on the street cars, buses, motor coaches, ferries and motor launches operated by the Commission. Not one passenger has been fatally injured.

The Commission operates 886 electric street cars and 96 electric service cars. These travel

a distance of approximately 22,000,000 miles in service during a year. The 187 buses and motor coaches travel 5,500,000 miles yearly. The fleet of six ferry boats carry nearly 2,000,000 passengers during the Summer. Approximately 3,000 people are regularly employed by the Commission.

The Commissioners are as follows:

Wm. C. McBrien, Chairman.

S. J. McMaster, Vice-Chairman.

F. L. Hubbard, Commissioner.

David W. Harvey, General Manager.

Offices: 35 Yonge Street, Telephone Waverley 7611.

Toronto Hydro-Electric System

The Toronto Hydro-Electric System is owned by the City of Toronto, and is operated for it by the Toronto Electric Commissioners.

The Toronto Electric Commissioners, created under Provincial Statutes (1 Geo. V, Chap. 119, Sec. 6), are empowered to carry out the provisions of the Public Utilities Act of Ontario (R.S.O., 1927, Chap. 249) in so far as such Act applies to the City of Toronto.

The present members and officers are:

Commissioners

Joseph Gibbons (Chairman).
Kenneth A. Christie (Vice-Chairman).
Samuel McBride (Mayor).

Officers

E. M. Ashworth, General Manager.
H. J. MacTavish, Secretary.

Offices

14 Carlton Street: Telephone Ad. 2261.

The Toronto Hydro-Electric System is one of the largest municipally owned distribution systems in the world, and distributes power at unusually low rates.

TORONTO HYDRO-ELECTRIC SYSTEM—*Continued*

The following statistics, based on the operations during 1935, are of interest.

Kilowatt-hours sold	923,456,250
Connected load	1,119,629 H.P.
Peak load	311,602 H.P.
Total Revenue	$12,750,000.00*
Number of consumers at Dec. 31, 1935	186,230
Total System-owned Assets at Dec. 31, 1935	$46,900,000.00*
Net bonded debt at Dec. 31, 1935	$16,954,756.95
System-owned Assets exceed liabilities by	$28,250,000.00*
Equity in H.E.P.C. Sinking Fund	$12,600,000.00*

*Estimated.

Light and Power Rates

(This schedule does not include rates for service outside the City Limits.)

Residence Service

Alternating Current—25 cycles—120 volts.

Three cents per 100 square feet floor area, per month. (Minimum 1,000 sq. ft.; maximum, 3,000 sq. ft.) plus two cents per Kilowatt hour up to equivalent of 3 K.W. hours

per 100 sq. ft. floor area charged; 1 cent per K.W. hour for additional consumption. Prompt payment discount, 10 per cent. Minimum bill, 75c (net) per month.

Direct Current—120-240 Volts with storage battery reserve.

Six cents per Kilowatt hour for first 5 K.W. hours per room per month. Four cents per K.W. hour for next 4 K.W. hours per room per month. Two cents per K.W. hour for additional consumption. Penalty of ½c per K.W. hour if bill is not paid by last discount day. Minimum bill, $1.00 per month.

Commercial Lighting Service

Alternating Current—25 Cycles—120 Volts.

Billing Demand—100 per cent. Installed Capacity.

Four cents per Kilowatt hour for equivalent of first 70 hours' monthly use of billing demand. Two cents per K.W. hour for equivalent of next 70 hours' monthly use of billing demand. One cent per K.W. hour for additional consumption. Prompt payment discount, 10 per cent. Minimum bill, 75c (net) per killowatt of billing demand per month.

TORONTO HYDRO-ELECTRIC SYSTEM—*Continued*

Direct Current—120-240 Volts with storage battery reserve. Billing Demand—90 per cent. Installed Capacity.

Six cents per Kilowatt hour for equivalent of first 75 hours monthly use of billing demand. Two cents per K.W. hour for additional consumption. Penalty of ½c per K.W hour if bill is not paid by last discount day. Minimum bill, $1.00 per Kilowatt of billing demand for month.

Power Service

Alternating Current—25 Cycles—3-Phase—550 Volts. Billing Demand—by Meter or 100 per cent. Installed Capacity.

Alternating Current—25 Cycles—3-Phase—208 Volts (See Note).

Monthly Service Charge—$1.67 per Kilowatt for the first 7½ K.W. of billing demand and $1.34 per Kilowatt for all additional (equivalent to $1.25 per horsepower for the first 10 horsepower of billing demand and $1.00 per horsepower for all additional).

Energy Charge—1½ cents per K.W. hour for equivalent of the first 50 hours monthly use of the billing demand. Three-quarter-

cent per K.W. hour for equivalent of the second 50 hours monthly use of the billing demand. Thirty-three one-hundredths of a cent (.33) per K.W. hour for all remaining consumption. Prompt payment discount, 10 per cent.

Direct Current—120-240 Volts with storage battery reserve.

(Where demand is under 100 horsepower, billing demand on installed capacity basis, *i.e.*, First 10 H.P. at 100 per cent. of installed capacity. Next 10 H.P. at 90 per cent. of installed capacity. Remainder at 60 per cent of installed capacity. Where demand is over 100 H.P., billing demand may be determined by meter.)

Monthly Service Charge—$2.01 per Kilowatt of billing demand (equivalent to $1.50 per horsepower of billing demand).

Energy Charge—2½ cents per K.W. hour for equivalent of the first 50 hours monthly use of the Billing Demand. 1½ cents per K.W. hour for equivalent of the second 50 hours monthly use of the billing demand. One cent per K.W. hour for all remaining consumption. Penalty of ¼ cent per K.W. hour if bill is not paid by last discount day.

NOTE

Direct Current Service is supplied in a restricted down-town area only.

208-Volt Three-Phase 25-Cycle Current is supplied in areas where 4-wire A.C. network is installed.

Rates for special classes of service, such as Flat Rate Water Heaters, Hall Lighting, Sign Lighting, etc., may be obtained on application.

Toronto Industrial Commission

The Toronto Industrial Commission was incorporated by Letters Patent under the Ontario Companies Act on 28th of December, 1928, and began active operations on the 13th of March, 1929. The Commission's objects are to secure industries for and aid industries in the City of Toronto and surrounding territory and to give publicity to the advantages of the Toronto area for business and manufacturing purposes.

During 1935 the Commission co-operated with eighteen companies of outside origin, thirteen of which established their own factories in Toronto and five whose products are being made by existing Toronto firms.

Since it began operations a total of 144 industrial companies have established in Toronto and suburbs. They have invested over $5,500,000 in plant and equipment, are employing more than 3,000 people, and are occupying more than 1,500,000 square feet of floor space.

The Commission recently completed approximately seven years of service in furthering the industrial development of the Toronto area. During that time it has co-

operated with and given assistance to 122 new industrial firms which have established manufacturing plants in Toronto and its industrial suburbs. In addition, it has assisted 22 outside concerns in making arrangements to have their products manufactured here.

These new industrial developments in the Toronto area have resulted in the investment of more than $5,604,000 in plant and equipment; the direct employment of some 3,272 persons, receiving in salaries and wages more than $3,250,000 annually; the occupancy of nearly 1,700,000 square feet of floor space, and the production of approximately 100 different products previously not made in Canada.

The Commission also has given assistance to many existing Toronto industries, co-operating with them in expansion plans, in securing new lines to manufacture, and in providing them with market and distribution data with regard to both domestic and export trade, and information on numerous other subjects, including sources of equipment and materials.

The Commission is the official Industrial Commission for the City of Toronto, with the

Mayor of the City of Toronto as its Honorary President. Its Board of Directors is made up of representatives nominated by the City Council, the Board of Trade of the City of Toronto, the Toronto Branch of the Canadian Manufacturers' Association, the Toronto Hydro-Electric System, the Toronto Transportation Commission, the Toronto Harbour Commissioners and the Canadian National Exhibition Association.

Officers

Honorary President

Samuel McBride, Mayor of Toronto.

President

C. L. Burton.

Vice-Presidents

A. B. Cooper, John A. Tory, F. E. Waterman.

Board of Directors

One nominated by Toronto City Council: Mayor Samuel McBride.

Six nominated by the Board of Trade of the City of Toronto as follows: R. C. Berkinshaw, General Manager, Goodyear Tire &

Rubber Co., Ltd.; J. H. Brace, General Manager, Bell Telephone Co. of Canada, Ltd.; C. L. Burton, President, The Robert Simpson Co. Ltd.; Harry McGee, Vice-President, The T. Eaton Co. Ltd.; F. D. Tolchard, General Manager, Toronto Board of Trade; John A. Tory, Supervisor, Sun Life Assurance Co.

Three nominated by the Toronto Branch of the Canadian Manufacturers' Association as follows: A. B. Cooper, General Manager, Ferranti Electric, Ltd.; A. Ross Robertson, Manager, Dominion Bridge Co. Ltd.; F. E Waterman, General Manager, Toronto Brick Co. Ltd.

And the following four, representing public bodies in the City of Toronto: E. M. Ashworth, General Manager, Toronto Hydro-Electric System; J. E. Ganong, Chairman, Toronto Harbour Commissioners; D. W. Harvey, General Manager, Toronto Transportation Commission; Elwood A. Hughes, General Manager, Canadian National Exhibition Association.

H. B. Keenleyside,

General Manager and Secretary,

Canada Permanent Building, 320 Bay St.

Telephone—Waverley 1616.

Ontario Municipal Board

Eric W. Cross, M.A., Chairman.
W. M. Brodie, Vice-Chairman.
H. L. Cummings, Commissioner.
M. B. Sanderson, Acting Secretary.
Offices—Parliament Buildings.
Telephone—AD. 1211.

Toronto Old Age Pensions Board

(Appointed under Old Age Pensions Act, Ontario, 1929.)

The Board consists of five persons appointed annually by the City Council. Its duty is to receive all applications for Old Age Pensions made by residents of the City of Toronto, and after giving consideration to same to forward them, with their recommendations, to the Old Age Pensions Commission of Ontario.

The members of the Board are as follows:

John O'Connor, Chairman.
C. M. Carrie, Vice-Chairman.
Mrs. W. L. McFarland.
John Dillon.
A. W. Laver, Commissioner of Public Welfare.

TORONTO OLD AGE PENSIONS BOARD—*Continued*

Secretary—Bert Merson.

Office—Department of Public Welfare, Old Age Pensions Division, Stewart Building, 149 College Street, Toronto.

The actual number of Toronto residents receiving Old Age Pensions at December 31st, 1935, was 10,177. The amount paid out in Pensions during 1935 was $2,147,722.55, the City of Toronto's share at 10 per cent. being $214,772.25.

In addition, the City is required to provide office space, equipment, staff, etc., and these for administration purposes are attached to the Department of Public Welfare.

Mothers' Allowances Toronto Board

(Appointed in pursuance of the Mothers' Allowances Act, R.S.O., 1927, Chap. 280.)

The Local Board consists of six persons appointed by the Ontario Government, two being chosen by the City Council and the remaining members by the Minister of Public Welfare on the recommendation of the Ontario Commission.

Its functions are to receive and consider applications for allowances under the Act made by residents of the City of Toronto and to recommend to the Ontario Mothers' Allowances Commission the payment of allowances to those considered eligible.

A monthly allowance may be paid towards the dependent children of a mother with at least one child under sixteen years of age in her care, who is

(a) a widow, (b) or a mother with a totally and permanently incapacitated husband, (c) or a deserted mother, whose husband has not been heard of for at least three years, (d) or a foster mother, who is married or unmarried and has resident with her one or more orphan children and has not

Mothers' Allowances Toronto Board

The Ontario Municipal Association

This organization, composed of delegates appointed by different municipalities throughout the Province of Ontario, has been formed for the purpose of discussing important municipal topics and of prompting desirable municipal legislation. The delegates are either members or officers of municipal councils.

The annual meetings are held in Toronto, usually during Exhibition time.

The officers for the year 1935 are:

President — George Hurst, Chief Income Branch, Assessment Dept., Toronto, Ont.; Vice-Presidents—J. P. Ryan, Brantford; Wm. Jelly, Clerk, Leeds and Grenville Counties; W. R. Allely, Lindsay; H. Hopper, Hamilton; A. Belanger, Ottawa, and past presidents of the Association.

Secretary-Treasurer — Horace L. Brittain, New Wellington Building, 137 Wellington St. West. Telephone, Elgin 1904.

Board of Trade

The Board of Trade was incorporated under an Act of the Parliament of Canada in 1845.

The Board to-day is one of the largest commercial organizations in the Empire, and functions through a Council of eighteen elected members, nine committees, and ten trade branches, and has direct representation on commercial and welfare organizations.

Officers, 1936

The Toronto Humane Society

The Toronto Humane Society gives a twenty-four hour service, 365 days of the year for the relief of suffering animals. An average of 350 telephone calls per day are received, and during 1935 a total of 21,730 calls were made by the Society's trucks, during which 10,334 dogs and 19,284 cats were brought to shelter. 6,686 Emergency calls (sick and injured animals) were responded to and 2,916 complaints regarding cruelty were investigated.

Constant inspection is maintained over the conditions under which animals for human consumption are handled and killed. During 1935 this entailed the examination of 55,239 cattle, sheep, swine and poultry. The transportation of food, animals and birds is frequently carried on with great cruelty and it is an important part of the Society's work to keep constant watch on those engaged in this work and thousands of pamphlets are distributed to drivers of cattle trucks and those engaged in transportation of animals, giving advice as to the most humane way of doing the work.

Humane education of children is one of the most vital departments of the Society's work,

as it is a well-known fact that a child who is taught kindness to animals will not go far wrong in his behaviour towards his fellow men.

The Society exists to help all animals that are suffering, that are wounded, lost, deserted, hungry or that must be mercifully put to death.

President—Lieut.-Col. R. S. Timmis, D.S.O.
